Batley Asians

Representative side that played matches in the 1980s.

MAYOR'S LASER APPeul.

Batting for charity

Kirklees Mayor, Colin Walker demonstrates the finer points of batting to the Asian teams from Batley and Dewsbury who held a charity match in aid of his Laser Appeal. Over £200 was raised at the event, which was held at Staincliffe Cricket Club, and the Batley team won by two wickets. On the far right of the picture is the mayoress. -(0505/1).

Mayor's Laser Appeal

The laser treatment is an out-patient proceedure usually not requiring admission to hospital. Treatment can take only one or two hours, therefore, more time is available for other patients who require conventional eye surgery.

The laser is used to focus and deliver a small intense beam of light accurately onto the retins (back wall of the eye). Diseases of the retina and its blood vessels as well as certain types of glaucoma which can cause blindness or serious loss of sight are now being treated quickly and successfully by laser.

The laser costing from £27,000 to £35,000 is easily installed and only requires minimal maintenance. Please give generously to help the Mayor of Kirklees to raise a laser
