

# LOCAL RIVALS

## Sheila Waring on being a supporter

I've not been able to get to games all my life because for a period I was looking after my mum.

I started coming down here in the 1950s. It was off and on for a while but for the past decade I've been a regular.

Our local rivals are Denby, Cumberworth and Cawthorne. Our other neighbours have moved into the Huddersfield League: Clayton West, Shelley and Skelmanthorpe.

We have to travel further now. But the boys are always as keen as mustard!
