

TINKER CUP FINAL

An Easy Victory for Hall Bower

The start of the Tinker Cup final between Shelley and Hall Bower at Lepton on Saturday was delayed for an hour owing to a heavy shower which left the ground very wet.

Shelley batted first, but they soon lost wickets and four men were out for 16 runs, but subsequently F. Wadsworth opened out well and, assisted by N. Stringer, the pair carried the score to 71 for six wickets. For the addition of another fifteen runs Shelley, however, were all out.

Hall Bower began their innings at a quarter to six, and immediately they attacked the bowling. They reached 37 for no wicket before play was stopped for the day, and then when play was resumed on Monday they gained an easy victory.
